There, There

11/3/22

My submission relates to There There because of the Powow dancer. In the story we get that the characters are connected through a Powow and that at somepoint, the setting is in a Powow. As for the island in the backround (Alcatraz), it is mentioned in the Opal Viola chapter and is the main setting.

When the submission was created, I kept in mind how a Powow dancer looked. I used pencil and color pencils to keep the look of the feathers. It took alot of time but it came out how I envisioned it!

One thing I wanted to show in this drawing was Alcatraz because I also wanted it to represent the Occupation of Alcatraz.

While creating, I wanted to keep those main things.

When it came to the media, I searched up images to show me some reference of the image I was trying to create. I mainly used google.
